J. B. EATON.

A Valuable Investment.

The Beattyville and Proctor Bridge Company, of Beattyville, has just finished one of their fine steel bridges across the North Fork of Kentucky river at Beattyville and opened it for travel. While the toll rates over the bridge is much less than the old ferriage rates, the toll collected so far shows a rate 16 per cent. on the investment of \$23,500 the cost of the bridge. When the company builds the bridge across South Fork, which they will do at once, this bridge will be still more valuable besides the value of the South Fork bridge within itself. Every toll bridge that we know of is paying handsome dividends. The bridge at Jackson which was built about ten years ago at a cost of \$6,000, has paid for itself a number of times, and last year alone leased for a little over \$4,200 or about 70% on the investment. The Beattyville bridges will, in a short time after they are completed, be just as valuable property as the Jackson bridge.

A big line of new and up-to-date Post Cards at the Drug Store. They were the first ones to introduce these cards here.

Kentucky Crop Report.

In our May report we started off by saying "The month of April will long be remembered as the coldest and most unfavorable for crops and spring work for many years." The same can be truthfully said of month of May. The oldest inhabitants claim they have never seen a spring so cold and the conditions so unfavorable for work and growing crops. Damaging frosts as late as the 28th of May. Crops of all kinds are far behind and in most cases anything but promising. And to add to the damage done by frosts and cool, damp weather, the cut worms were never more plentiful and destructive; doing great damage to young corn, tobacco and garden truck. The army worm has also gotten in destructive work in a large part of the State. They first made their appearance in the western end of the State and gradually showed up until many counties in the central part are affected by them. Old meadows, pastures and many wheat fields fell an easy prey to their ravages. In some localities corn fields and early planted tobacco were damaged by them. The low condition of meadows, pastures and clover is largely accounted for by these invaders.

Much of the corn land has not yet been planted on account of too much cold and wet, and many fields of the early planted had to be planted over. The acreage compared with a five year average is a little short, being 96 per cent. Condition is 77 per cent which is fairly good considering the weather and worms.

The acreage of wheat is 90 per cent of a five year average. Condition is 82, a falling off of seven points since our May report. The oat crop is a little short in acreage and has fallen off in condition from 83 in May to 79 at this time. Rye is some better in acreage and conditions. Hemp is 83 per cent of a five year average and 90 in condition.

Over \$25,000 in Premiums.

Despite a monetary loss due to rainy weather last year, the Directors of the Blue Grass Fair have agreed upon a premium list carrying even larger value than offered in 1906. The aggregate of the premiums to be given will amount to very nearly \$30,000. The classifications have been so arranged that there can be no possible confusion on the part of exhibitor and judges. Breeding and show classes have been entirely separated. For each, liberal appropriations have been made, and different exhibitions. A preliminary prize list, setting forth in full all the classifications for live stock, has just been issued. It is pronounced the best prize list ever issued by any fair association in America, not excepting the largest and most prominent State fairs. Copies of it will be mailed to all prospective exhibitors upon request to Jouett Shouse, Secretary, Lexington, Ky.

Kentucky Press Meeting.

The Kentucky Press Association is in session at Estill Springs

this week, and a most pleasant meeting it is. The Press boys in their already short stay at the Springs, freely assert that their present quarters are the most enjoyable of any they have yet enjoyed. Everything at Estill Springs is to a queen's taste, and the management is doing all in their power to make a pleasant trip for the boys. L. C. and J. E. Riddell, the new proprietors of this famous resort, are receiving the thanks of the Association for the assured success of this meeting so far as their entertainment is concerned.

The ladies of the Presbyterian Church will give a supper at the park tomorrow night, June 21, for the benefit of the church. Ice Cream, Cake and etc. will be served in the tasteful manner for which these ladies are noted. If the weather is unfavorable, the supper will be spread in the Gymnasium hall.

The heavy rains and washouts last week swept away the fills and trestles at different places along the Mountain Central Railway so that all trains are stopped and unable to run again until the road has been repaired which will yet be about one week.

Peculiar Accident.

Miss Edy Creed, of Powell county, who has numerous relatives in this county, met with a peculiar accident Thursday. She was riding horseback, her horse going at full speed, when a cow stepped into the road directly in front of her. She had no time to check her horse and the two animals collided. Miss Creed was thrown and badly bruised, the cow's neck was broken, but the horse was not hurt. —Winchester Democrat.

Notice to Teachers.

There will be an examination of white teachers at the Stanton school house on June 21 and 22 beginning 9:30 o'clock a. m. Also an examination for colored teachers will be held at Stanton on June 28 and 29 at 9:30 a. m.

Our paper is not up to the standard this time owing to the editor being at Irvine the first of the week attending the Kentucky Press Association.

ANNOUNCEMENTS.

We are authorized to announce CHAS. EWEN candidate for County Court Clerk, subject to the action of the Democratic party.

Miss Bertha Mapel is visiting relatives at Irvine and Miller's Creek.

Mrs. Nannie McKinney, of Winchester, is visiting relatives in the county.

Mrs. J. J. Curry, of Lexington, is visiting relatives in the city and county.

Miss Lula Derickson, of Lexington, is spending a few days with home folks.

Miss Nellie Wade, of Lexington, is visiting her aunt, Mrs. J. B. Derickson, and the Misses Shimfessel.

Dr. Littlepage reports the birth of a daughter to Keene Combs on Hardwick's Creek, Thursday, June 13.

Mrs. J. E. Niblack, formerly of this city, has been dangerously ill at her home at Irvine but is now improving slowly.

Saturday, June 22 is the longest day in the year and the warm days of this week are remindful that really "summer now is here."

The Irvine Telephone Company is being organized by home capital. An exchange will be put in at Irvine and lines extended over the county.

The high waters have receded and the bottoms that were covered with water one week ago are now about dry enough to plow again. A good deal of the corn has been drowned out.

Every place of business including the soda fountains and ice cream parlors were closed as tight as a jug Sunday in face of the fact that the ordinance against such openings is ineffective.

Elder J. M. Rash, of Winchester, has been called to the pastorate of the Stanton Christian church. The church may well feel proud of securing the securing the service of so able and earnest minister.

Dr. B. R. Smith left Saturday for his home in Indiana, and we hear it whispered around that the Doctor will return about July 1st with a brand new bride. We failed to learn the young lady's name. The TIMES extend congratulations ahead.

The Kentucky Valley Medical Association will hold their twenty-fourth semi-annual session at Torrent June 27 and 28. Torrent seems to be a favorite meeting place for the Doctors as they manage to hold about half their meetings there.

Circuit Court is in session at Stanton this week with Judge Benton on the bench and Commonwealth's Attorney B. A. Crutcher prosecuting. The docket is not so heavy this time but a few of the boys, doubtless, will be made feel the sting of the law.

A Fortunate Texan.

Mr. E. W. Goodlee, of 107 St. Louis St., Dallas, Tex. says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25c. at Swann-Day Lumber Co.'s store.

PROTRACTED MEETING.

Preacher, C. J. Cocke.

A protracted meeting will be started at the Christian church Sunday, June 30. All are welcome. All seats free.

He Fired The Stick.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns etc., by Swann-Day Lumber Co.'s store. 25c.

The Blue Grass Nurseries,

LEXINGTON, KY.

offer for the Spring of 1907 a large line of Fruit and Ornamental Trees, Evergreens, Grape Vines, Asparagus, Shrubs, Rhubarb and Small Fruits.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man to-day. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by Swann-Day Lumber Co.'s store. 50c.

Dress Making.

Miss Kate Hutchinson is now prepared to do all kinds of dress making and sewing. Located in the Red River Hotel.

July Examinations.

At the July examination of white teachers July 19 and 20 at the Stanton school house, there will also be held a competitive examination for one appointment in the State College of Kentucky, proper; four appointments in the Normal department of the State College of Kentucky, and two appointments at the Normal school at Richmond.

Remarkable Rescue.

That truth is stranger than fiction has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c. and \$1.00, at Swann-Day Lumber Co.'s store. Trial bottle free.

Shortage of School Teachers.

Apparently the demand for teachers is growing, and the supply falling off, judging by the complaints that are heard from a number of localities. A shortage is reported in several eastern states. In Chicago a quiet movement has been set afoot to draw on outside sources, and a counter movement to organize the city teachers into unions is well in progress. In St. Louis a bonus of \$100 is offered as an inducement for young women to enter the apprentice classes. A little while ago teachers were "a drug" on the employing market.

Teachers' Institute.

The Powell County Teachers' Institute will be held at Stanton beginning August 5th, conducted by Prof. M. A. Cassidy, Superintendent of the Lexington schools. All teachers are required to attend this institute in order that their certificates may hold good.

The railway mail clerks all over the country are perfecting an organization for better wages and shorter days. If they don't like the job let them give it up; there are ten to one anxious for the job at the present pay.
